Yow Siew Lin 姚瑞麟

Presenting MBOSS 2024, the bonsai judge.

Yow Siew Lin, better known as Ah Tee in our bonsai community in Malaysia, is a Klang resident and renowned expert on every aspect related to tropical bonsai, particularly the proper placement of branches and the base material. His 35 years of bonsai experience have been primarily focused on deciduous plant species, including Shui Mei, Triphasia trifolia, Brazilian Ironwood, and Streblus asper. He is currently 73 years old.

His talents extend far beyond bonsai; in his spare time, he loves to pursue his enthusiasm for artisanal work in the fields of garden landscaping, water feature penjing, Japanese koi pond construction and design, artisanal timberwork, and bonsai pot.

From the roots of a tree to its branches setting, and with a keen eye for perspective, he strives for perfection in his bonsai designs. Multiple awarded gold medals, he has been bestowed upon his creations over the past decade, and some of the materials are still in the growth stage even now. He is known as an expert on Triphasia trifolia, a tropical plant that demands an enthusiastic character to care for.
